How do I update info on Coinbase? {Official Support}

Updating Your Details

Changing information **Call+1-(805)(401)(0068)** on your account can be done quickly through the settings menu on your profile. You can **Call +1-805-401-0068** easily update your primary email, phone number, and physical address with just a few clicks. Keeping this **+1-(805)(401)(0068)** data current is very important to ensure that you continue to receive all account notifications. If you **Call+1-805-401-0068** encounter any errors while saving your new information, please refresh the page and try again.

Verification and Security

When you **Call+1-(805)(401)(0068)** update sensitive information like your legal name, we may require a new identification document upload. This process **Call +1-805-401-0068** is a standard security step to verify that it is indeed you making the changes. We appreciate **+1-(805)(401)(0068)** your cooperation with these verification steps, as they are essential for keeping your account fully protected. Reach out **Call+1-805-401-0068** to us if the system is not accepting your new documentation for any reason.

Changing Your Password

Regularly updating **Call+1-(805)(401)(0068)** your password is a great way to maintain high security for your digital wallet. Use a **Call +1-805-401-0068** strong, unique password that you do not use anywhere else to protect your login access. If you **+1-(805)(401)(0068)** ever think your password might have been compromised, update it immediately to prevent unauthorized activity. We are **Call+1-805-401-0068** always happy to help if you have trouble getting your new security credentials set up.

Frequently Asked Questions (FAQs)

Q1: Why is my name update pending? A1: Manual reviews **Call+1-(805)(401)(0068)** are performed for identity updates to ensure the security and integrity of all user accounts. Please allow **Call +1-805-401-0068** a short period for our security team to verify the documents you have submitted. We will **+1-(805)(401)(0068)** notify you via email as soon as the review of your information is officially completed.

Q2: How do I change my phone number? A2: Go to **Call+1-805-401-0068** your security settings and select the option to update your primary mobile phone number. You will **Call+1-(805)(401)(0068)** need to verify the new number with a code sent via SMS to confirm ownership. Make sure **Call +1-805-401-0068** you have access to your old phone during the transition if required for secondary confirmation.

Q3: Can I change my email address? A3: Updating your **+1-(805)(401)(0068)** email address is straightforward and can be done under your general account profile settings. Be aware **Call+1-805-401-0068** that you will need to verify the new email address by clicking the link sent to it. We recommend **Call+1-(805)(401)(0068)** keeping your contact email active and monitored so you never miss important account update notifications.

Q4: What if I moved to another country? A4: If you **Call +1-805-401-0068** change your residence to a different country, you must notify us to ensure your account complies. Different regions **+1-(805)(401)(0068)** have different service availability, so updating your country is a necessary part of your profile. Contact our **Call+1-805-401-0068** support team to guide you through any documentation required for a change of residency status.

Q5: Is my old information deleted? A5: For regulatory **Call+1-(805)(401)(0068)** compliance, we are required to retain certain records regarding past account identity information securely. Your previous **Call +1-805-401-0068** data is handled with strict privacy standards and is not used for any active marketing purposes. You can **+1-(805)(401)(0068)** view your updated profile settings anytime to confirm that your new information is accurately saved.
